## Hobartville Public School Publication Permission

Dear Parents/Carers,

With changes to the Privacy Act, as outlined in the Department of Education and Training Privacy Bulletin 7, Parental / Carer's permission is now needed in order to take, use and store images of your child.

Throughout the year, there may be times when students will be photographed or videoed at different events. The school or outside agencies such as School Photographers or the local Newspaper, may take these images. There may also be incidences when your child's name or written pieces of their work are published. Examples of these include the School Newsletter and the Premier's Reading Challenge.

The school is therefore seeking your permission in order to take, use and store any image or publications of your child.

Please complete the consent form below ticking the boxes where appropriate.
